CASE NO. 02-20218

Chapter 11

RECD
CAMERON S. QUINN
CLERK
IDAHO

UNITED STATES TRUSTEE'S EX PARTE MOTION
TO SHORTEN TIME

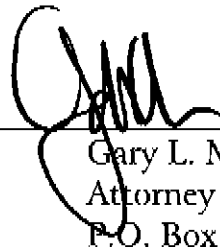

The United States Trustee moves the Court, ex parte, for an order shortening the time required by FRBP 9006(d) to notice a hearing on the United States Trustee's Motion to Convert or Dismiss from 23 days to 21 days. This motion is made pursuant to Federal Rules of Bankruptcy Procedure 9006(c). The basis of this motion is that the debtor's has not filed monthly reports and the only pending activity toward reorganization is a plan and disclosure statement filed by creditors. Further, the United States Trustee's motion is based exclusively upon court records, files, which limits, if not avoids, the necessity of witnesses, exhibits or extensive hearing preparation by the parties in interest.
